

## TRY DARKENING YOUR GRAY HAIR WITHOUT DYES

Shampoo your hair and scalp each morning for about a week with Q-Ban Hair Color Restorer. If your hair is gray, streaked with gray, prematurely gray or faded, brittle, thin or falling, all your hair will then be beautifully darkened and to such a natural, even dark shade no one would suspect that you had applied Q-Ban. Q-Ban is no dye, perfectly harmless, but makes all your hair soft, fluffy, thick, with that lustrous dark shimmer which makes your hair so fascinating. Big bottles sent prepaid or sold by druggists for 50c. Address Q-Ban Laboratories, Memphis, Tenn.—Adv.

### Alaskan Reindeer Industry.

The reindeer industry in Alaska was started in 1892 by the importation of 171 of these animals from Siberia. Today the combined herds number more than 50,000. They are steadily increasing, despite the fact that 5,000 of the creatures are killed annually for food and their skins.

IMITATION IS SINCEREST FLATTERY but like counterfeit money the imitation has not the worth of the original. Insist on "La Creole" Hair Dressing—it's the original. Darkens your hair in the natural way, but contains no dye. Price \$1.00.—Adv.

### Rough Stuff.

"Shall I go over your face again?" asked the barber. "I don't mind your going over it," replied the man in the chair, "but please don't go under the skin like you did the first time."

**ST. PHILIP'S FALLING SICKNESS** stopped quickly by the use of Dr. Williams' Pink Pills. For further particulars, see advertisement on page 14.

**Togs for the Family.** "I suppose tires are a big expense in automobile." "Yes, and attire."

### The Reason.

"Old friends are the best." "Yes. They have usually borrowed the limit and stopped."

## Why That Lame Back?

Morning lameness, sharp twinges when bending, or an all-day backache; each is cause enough to suspect kidney trouble. Get after the cause. Help the kidneys. We Americans go too hard. We overdo, overeat and neglect our sleep and exercise and so we are fast becoming a nation of kidney sufferers. 72% more deaths than in 1890 is the 1910 census story. Use Doan's Kidney Pills. Thousands recommend them.

### A Missouri Case

H. T. Calvert, Osceola, Mo., says: "Kidney complaint in my case was brought on by exposure and carelessness. Some attacks laid me up for weeks. The pains in my back were dreadful. My limbs swelled and I had constant headache and dizzy spells. The kidney secretions were irregular in passage and I had to get up several times at night. After doctors and medicines failed, Doan's Kidney Pills restored me to good health."

## COLLEGE DEAN LOSES MEMORY

Missing for Three Years, Educator Is Found in Denver.

## ACTS AS DISHWASHER

Part of Memory Returns to Prof. Cecil Lavell, But He Wants Seclusion Until He Recovers Faculties.

New York.—Prof. Cecil Lavell, former dean of Queen's college in Kingston, Ont., and a former professor of history in Columbia university in New York city, has been located in Denver, Colo., after a nation-wide search which began in November, 1913. Lavell admitted his identity and declared that he was a victim of amnesia. He was recognized through a photograph in a police publication.

Lavell had been working in hotels in Denver for more than a year, during which time, he says, he had been experimenting with his mind to regain complete memory. At present, he says, he has recovered his mental faculties, with the exception that he does not remember of having been married. His wife, formerly a resident in Toronto, Ont., has joined her husband in Denver.

### Wishes to Remain in Seclusion.

Professor Lavell claims he suffered an attack of amnesia on November 24, 1913, while in Columbus, O. On that day he found himself on a train en route for Detroit, where he learned from a newspaper man he was reported drowned in Hamilton, Ont. At Detroit he bought an outfit of clothing and planned to walk to the Pacific coast, but gave up because of the physical strain. After many experiences in the middle West he located in Denver and accepted the first job he could get.

"My mind gradually revealed parts of my past," Professor Lavell has told the police. "Through fear that I might be captured and placed in an

Working in Hotels.

asylum, I changed my name to O'Brien, in the hope that I might become normal again. My sole wish is that I may be allowed to remain in seclusion as Cecil O'Brien and work out my own salvation."

Professor Lavell is forty-four years of age and has been a member of the faculties of Columbia university, Trinity college, Bates college and finally dean at Queen's college in Kingston.

## HEROISM IS HIS UNDOING

Ex-Drunkard Decides a Drink Is Just Reward for Bravery in Resisting.

Montclair.—In her annual report, Mrs. Nettie H. Patterson, superintendent of the Altruist society here, said that the society's officers had been trying to effect the reformation of a drinking man whose excesses had impoverished his family. Finally he was induced to sign a pledge that he would not indulge for a year.

To demonstrate to his wife that he could remain steadfast the man, according to Mrs. Patterson, walked twice past a saloon where he had been wont to spend his earnings, each time preening himself on the strength of his will power. As he was about to pass the third time he turned to his wife and said: "Such bravery deserves a drink," and he went inside and got it.

## ROBS A POLICEMAN'S HOME

Minneapolis Burglar Disregards Consideration Due to Officers of the Law.

Minneapolis.—The first and last word in the etiquette of burglars is to leave the homes of policemen alone, but one robber tossed conventions to the winds and entered the home of Patrolman Frank Rhoades, No. 2120 Fourteenth avenue S., while the family was away that night. He took a suit of clothes, an overcoat belonging to the policeman and another suit and a pay check belonging to the policeman's son, Emmet Rhoades. Mrs. Rhoades and Emmet Rhoades were visiting and the policeman was on his beat when the robbery occurred.

## Shot Coyote From Fast Train.

Kearney, Neb.—"Cyclone" Thompson, pilot of the Kearney, Beatrice and Hastings motor between Kearney and Callaway, Neb., took a shot with a rifle at a huge coyote and dropped the beast while his train was making 30 miles an hour. The coyote was one of the largest ever seen in Nebraska.

## In Woman's Realm

Two Modish Coats of Checked Serge and Tan Covert Cloth, Cravenette, Which Are Among the Best of the Season's Offerings—Simple but Extremely Effective Party Frock That Will Appeal to the Small Maid.

Two coats, made to brave the spitting return of the north wind in May and the showers from spring skies, are shown in the picture given here. They are of checked serge and tan covert cloth, cravenette, and therefore not hurt by dampness. Their style is excellent and distinctive.

There have been so many checked coats in the season's showings that it would seem almost impossible for anything new and also attractive to make its appearance among them. But the model presented, while cut on familiar

that the body of the frock is of cotton net and is merely a full slip set on to a narrow round yoke of lace and reaching nearly to the knees. Three scant ruffles of lace are set about the bottom of this slip, and it is shirred in about the hips with three shirring set close together. This shirring shapes the slip into a long waist and short skirt. The sleeves are merely puffs of net edged with a double frill of net.

Over this slip of net a short overdress is worn. It is made of two lengths of yard-wide taffeta cut with

MADE TO BRAVE ALL WEATHERS.

and well-lined lines, shows a finish entirely novel. All its edges are finished with a piping of white and outlined with narrow flat silk braid, making the sharp and snappy contrast of black and white in a conservative fashion. It has a "chin-chin" collar. The short coat of covert cloth trimmed with plain broadcloth is frankly a model for all-round wear, and does not commit itself to any sort of special occasion. It is pictured worn with an afternoon frock of taffeta.

narrow straps over the shoulder and scalloped about the bottom. The scallops are bound with a narrow binding of taffeta made from strips cut on the bias. The silk is shirred over a cord about the neck, and the arm's eye and shoulder straps are bound like the scallops. The fullness of the silk is drawn in about the hips with two shirring over cable cord, forming a sprightly flounce below. The overdress slips on over the head. As pictured, it is made of light blue shiny taffeta with considerable stiffness.

PARTY FROCK FOR THE SMALL MAID.

Here is a party frock for the little maid from about eight years up to twelve years old that will delight her and please her mother as well.

It seems hardly worth while to describe the method of making it, because it is so clearly set forth in the picture. But for the benefit of the inexperienced who may be encouraged to undertake it, it may be mentioned

The frock is worn over a petticoat or slip of fine lawn edged with ruffles trimmed with narrow lingerie lace. It is made as long as the frock, so that there is a glimpse of these lace ruffles under those on the net dress.

*Julia Stoddard*

### Black Is Popular.

Black is popular this spring, and there are many frocks of black taffeta, very chic with their ruffled lines, and their trim little bodices fitted in to the figure with feathered seams. Most of the silk frocks have sleeves of Georgette crepe or chiffon, and sometimes the filmy material forms a large part of the skirt. The all-black frock is smarter just now than one brightened with a touch of color or relieved with white, and when well conceived is chic and dashing, in a season when fawns and grays are seen everywhere. Navy blue is also a pronounced favorite, and many are the combinations of blue taffeta with voile, georgette crepe, chiffon and figured silk.

### Kid as Trimming.

Kid is used as a trimming in many of the new spring clothes. It is fashioned into very smart collars and cuffs and straps of it are used on skirts and coats. There are kid flowers, too, for trimming straw hats.

## WEIGHS 475 POUNDS MORE THAN HUBBY

Judge Refuses to Accept Fee "Because Bride Will Require Some Feeding."

St. Louis.—A blushing young woman who was about to become a bride and who weighed 615 pounds, hesitated at the entrance of an elevator in the Four Courts building the other day, and warned the conductor of the possible consequences if she went aboard. When she was assured that the cable would hold her she ventured and was hoisted with her intended husband, Harry West, who weighs 140, to the office of Judge Calvin Miller. There the pair were married.

When the ceremony was completed, West reached into his pocket, drew forth a prosperous-looking roll of bills,

The Pair Were Married.

peeled off one marked "V" and handed it to the judge.

"No, no, you keep that," objected his honor. "You'll need it, for she'll require some feeding."

"Better take it," said the bridegroom. "There are plenty of 'em here."

But the judge's decision could not be changed, and the newlyweds, equipped with passports for their matrimonial journey, again braved the elevator. They went on a honeymoon. They would not announce their destination because they said they did not want the trip disturbed by mischievous and would-be humorous friends.

In applying for a marriage license the bride gave her name as Mrs. Gertrude Barker and her age as "over eighteen years." West gave his age as "over twenty-one years."

## SICK WOMAN DIRECTS WORK

Wealthy Pasadena Philanthropist, Though Seriously Ill, Plans Construction of House and Garden.

Pasadena, Cal.—Lying seriously ill at her home, 370 Elevation drive, Mrs. W. K. Jewett, a wealthy Pasadena woman and philanthropist, is directing plans for a magnificent ten-acre garden surrounding a handsome home now under construction at 1201 Arden road.

Unable to move from her room, but undaunted by her illness, Mrs. Jewett has ordered a telephone installed beside her bed and each day directs work on the new place while she confers with the head gardener and architect as to the plans, and under her direction, terraces, fountains, wonderful landscape effects and rare plants will be installed.

So greatly interested in plans for her new home was Mrs. Jewett that she had the architect go to Colorado Springs, her summer home, and examine the hangings and furnishings there, intending to duplicate them in the Pasadena house.

## RAT IN THE GIRL'S SKIRTS

Rodent's Life Cut Short by Young Woman's Escort, Who Wields a Can.

Green Bay, Wis.—Passengers on an interurban electric car running between Green Bay and De Pere, Wis., were thrown into a panic by the screams of a young woman and the discovery that a rat had taken refuge in her skirts. When the panic subsided the men in the car gazed from the windows while the young lady removed her skirts and shook out the rodent, which had been beaten to death.

A girl from De Pere and her escort were the principal figures, especially the girl, under whose skirts the rat found false security. The escort caught the squirming animal in the folds of the girl's clothing and clubbed it to death with his cane. Other male occupants of the car looked on but offered no assistance, while all the women took a hand in the screaming act.

## SURVIVES SHOCK, WIFE DIES

Iowa Woman Drops Dead as Husband Falls From Pole While Repairing Transformer.

Montour, Ia.—O. P. Millard, manager of the Iowa Railway and Light company here, received a shock of 22,000 volts of electricity while he was repairing a transformer. His wife stood near by watching him at his work and saw his body topple from the pole to the ground, 11 feet below.

Mrs. Millard started toward him and fell dead almost at his side. Millard apparently was dead. Doctors at first pronounced him so. An hour after the accident, however, he recovered consciousness, and will live, according to physicians.

# Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MATTHEW ASHACH, North Crandon, Wis.

### Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 509 Have St., Lawton, Okla.

### From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. OSGOOD, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co., confidential, Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**Cheap.** "That garden is going to save me a lot of money. I'll have fresh vegetables all summer, and all it costs me is the price of the seeds." "Yes, but you're paying a man to spade the garden and look after it for you." "That's all right. It's worth what I pay him to get out of doing the work myself."

**Important to Mothers.** Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fitch* in Use for Over 30 Years. Children Cry for Fletcher's Castoria.

**The Young Man.** Father—I like his get-up and go. Daughter—I don't. I like his staying power.

**Easter Duds.** "Smith looks as if he had just got something off his chest." "I guess it's his new spring lid."

**Hadn't Finished the Other Day.** The manager of a factory had instituted a system of fines—fines for being late, fines for mistakes, fines for spoiled work and so on. Happening to awake one morning very early he went to the factory a little after starting time. As he got out of his motor car he saw a pale, haggard, hollow-eyed man walking wearily through the gate.

"Ah-ha, Johnson!" he shouted angrily. "Ten minutes late, eh? Well, you're fined. Not a word now; that's the rule!" "Take your time, gov'nor," answered Johnson. "I ain't knocked off from yesterday yet!"

## A Famous Physician's Wonderful Discovery

After a series of careful experiments and tests at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., covering many years—Dr. Pierce, the medical director of that hospital, made announcement that he could prove that a medicine which he called "ANURIC" was the best uric acid solvent now to be had. As a remedy for those easily recognized symptoms of inflammation—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" acts; causing the pains and stiffness rapidly to disappear.

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations. It is just as necessary to keep the kidneys acting properly as to keep the bowels active.

The very best possible way to take care of yourself is to take a glass of hot water before meals and an "Anuric" tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding those organs. Step into the drug store and ask for a 50-cent package of "Anuric," or send Dr. Pierce for the trial package. "Anuric"—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.—Adv.

**Compared.** Little Nancy was in disgrace, and father had to speak to her quite severely. So she retired, deeply offended, to the garden. The gardener, a good-natured old man, did his best to cheer her up, and succeeded so well that half an hour later she returned to her mother.

"Mummy," she said, "I think Clarke is quite the nicest man I know, much nicer than daddy. Why didn't we marry Clarke?"

One way to earn a living, is by honest labor; but some men never think of trying it.

Dr. Pierce's Pellets are best for liver, bowels and stomach. One little Pellet for a laxative—three for a cathartic.—Adv.

Dark consequences sometimes result from light remarks.

**Broke Prison for English Food.** A remarkable story was told by Karl Burkhardt, who was remanded as an alien the other day. He said that he served in the German army for 17 months, was captured by the French and sent to a prison camp on the coast. He escaped and became a stowaway on a ship at Dieppe, hoping to have more food in England. —London Globe.

**WOMAN'S CROWNING GLORY** is her hair. If yours is streaked with ugly, grizzly, gray hairs, use "La Creole" Hair Dressing and change it in the natural way. Price \$1.00.—Adv.

There is nothing more idiotic than the smile of a pretty girl directed at some other fellow.

An idle tongue is usually an advance agent of a busy intellect.
